

**“The Other Team”**  
**Music and Lyrics by Tyler Burns, © 2014**

**Intro (instrumental)**

**Ebm, Db/Eb, Abm/Eb (x2)**

**Verse 1**

**Ebm, Db/Eb, Abm/Eb (x4)**

What’s the point of lying to yourself?  
There’s only one thing on your mind  
Tried to keep it up with Hyacinth  
She must’ve known the whole damn time

Walking on eggshells and jumping the gun  
Tasting dessert before the meal’s begun  
The simmering sins of your youth  
Have brought you to the main course  
Can you swallow a hard truth?

**Pre-Chorus 1**

**Ebm, Db/Eb, Abm/Eb (x2)**

(Help me, someone)  
What do you think I’m here for?  
Can’t you see I’ve spent my life  
Tiptoeing in and out of hell  
Just to wish you well?

**Chorus 1**

**Ebm, Db/Eb, Abm/Eb (x4)**

’Cuz you will never understand  
The way she does things  
How she likes to comb her hair  
Or read the morning paper  
It’s the same with every girl  
The story repeats over and over  
Winning’s just a dream

**Eb**

Why don’t you join the other team?

**Intro 2 (instrumental)**

**Ebm, Db/Eb, Abm/Eb (x2)**

## Verse 2

**Ebm, Db/Eb, Abm/Eb (x4)**

Few of the beautiful ones  
Will share our sacred cup  
Marionettes in beanbag chairs  
Working nine to five for a tech startup

Candy and flowers  
Wilting and aging  
Pretending the conversation's engaging  
All the lies of their youth  
Have brought them to the main course  
Can they swallow my hard truth?

## Pre-Chorus 2

**Ebm, Db/Eb, Abm/Eb (x2)**

(Help me, someone)  
What do you think I'm here for?  
Can't you see I've spent my days  
See-sawing in and out of death  
Just to save your breath?

## Chorus 2

**Ebm, Db/Eb, Abm/Eb (x4)**

'Cuz you will never understand  
The way she does things  
How she likes to comb her hair  
Or read the morning paper  
It's the same with every girl  
The story repeats over and over  
Winning's just a dream

**Eb**

Why don't you join the other team?

### Bridge

**Db** **Eb**  
And in that moment of your life  
**Db**  
It seems that it's all over  
**Eb**  
That little moment of your life  
**Db Fm7 Eb**  
It seems that it's all over...  
**Fm7 Bbm7**  
But, trust me, you will look back in five years  
**Abmaj7**  
And laugh  
**Gbmaj7 Fm7**  
Oh...

### Pre-Chorus 3

**Ebm, Db/Eb, Abm/Eb (x2)**  
(Help me, someone)  
What do you think I'm here for?  
Can't you see I spend my nights  
Thrusting the lid off of my tomb  
Just to save you room?

### Chorus 3

**Cbmaj7, Db, Bbm7, Ebm, Db (x4)**  
'Cuz you will never understand  
The way she does things  
How she likes to comb her hair  
Or read the morning paper  
It's the same with every girl  
The story repeats over and over  
Winning's just a dream  
Why don't you join the other team now?

### Outro

**Cbmaj7, Db, Bbm7, Ebm, Db (repeat to fade)**  
(Heyo heyo)  
My body feels amazing (x3)  
(Heyo heyo)  
I said my body feels amazing  
(Heyo heyo)  
My body feels amazing  
(Heyo heyo)  
I said my body feels amazing now
